

39. All Nations Cup 2023

German Nationals and Riding Sport in Aachen

Dear breeders, owners and lovers of the Arabian horse and of the All Nations Cup - Aachen,

it is time again – time for the traditional gathering of breeders, owners, and friends of the Arabian horse during a special event at the last weekend in September in Aachen. We look forward to welcome you on the occasion of the 39. All Nations Cup, the riding sports competitions and the German National Championships in Aachen from 22.-24.September 2023

“Let’s celebrate the noble Arabian Horse“ is our motto as we strive to organize this year’s event again to its best potential. The organizing teams of the German Registry and the All Nations Cup Committee are highly motivated to make the German National Championships, the ridden competitions, and the 39. All Nations Cup 2023 a great success for the breeders and owners of the noble Arabian horse. Special attention will be directed to the guidelines for animal welfare, by cooperating with the veterinary authorities, the veterinarians and the Disciplinary Committee with their assistants on the showground.

But all this can only happen if you, the breeders, owners, exhibitors and trainers participate with your wonderful horses, and if we, the organizers, will get the support of sponsors, without whom this top-class and versatile event would not be possible.

Having in mind the tradition and the worldwide significance of the All Nations Cup which this year is the only Title Show in Europe where breeders and owners from ALL NATIONS can participate, the organizing team will ensure that our noble Arabian horses may once again present themselves both under saddle and in hand to delight and thrill us all.

We look forward to your support and to seeing you once again on 22.- 24.September 2023 in Aachen. Attached you will find some sponsorship packages which your clients might find interesting. If you have any questions about the sponsorship packages, please contact our organizing team members, Klaus Beste – beste@vzap.org +49 1724525239 or Peter Hegemann – hegemann@vzap.org +49 1752953676.
